

General Information

Lower Suwannee National Wildlife Refuge is made up of over 55,000 acres along the Suwannee River in Dixie and Levy Counties. More than 100 miles of roads provide either vehicle or foot/bicycle access to many habitat types open to hunting. The Refuge provides a variety of public hunting opportunities.

All general Refuge regulations apply unless specifically addressed in this leaflet. Restrictions and designations on the map in this leaflet also apply. Please note that forest management activities including prescribed burns and logging operations may occur at any time during the year. Annual plans will be posted at Refuge hunter check stations. The Refuge is not responsible for damage to or theft of tree stands. The Refuge reserves the right to temporarily close roads or land areas for management reasons without prior notification.

The annual Hunter Working Group meeting will be held at Refuge Headquarters on the third Thursday in April, at 2:00 PM. Please contact the refuge if you are interested in attending.

The following regulations supplement Florida State hunting regulations and general regulations governing hunting on Lower Suwannee National Wildlife Refuge set forth in Title 50, Code of Federal Regulations.

Permit Requirements

All hunters must purchase and possess a Refuge hunting permit and a State of Florida Hunting License, unless otherwise exempt. Hunting permits can only be purchased through the Florida Fish and Wildlife Conservation Commission licensing website, county tax office, or other outlets that sell State licenses. A general hunt permit will be required for all hunters, ages 16 and older, to hunt during all refuge hunts. Youth hunters 15 and under are not required to possess a general refuge hunt permit. State Wildlife Management Area stamps are not required. Unless otherwise exempt, hunters are required to have appropriate archery, muzzleloader, deer, and turkey stamps/permits. Unless exempt, waterfowl hunters are required to have appropriate State and Federal waterfowl stamps.

Successful hunters are required to report their bag by completing a Bag Report Form provided at each check stand, or by calling the Refuge at 352/493-0238 on the day of the harvest. Bag reports must include the legible name of the person that harvested the game as well as the FWC Customer ID number. These reports allow us to better determine population health, numbers, and stability.

General Hunting Regulations

Persons possessing, transporting, or carrying firearms on National Wildlife Refuges must comply with all provisions of state and local law. Persons may only use (discharge) firearms in accordance with refuge regulations.

A state issued photo ID must be in possession at all times while on Refuge property.

All motorized land vehicles are restricted to designated roads shown on the map. Vehicles must be parked in a manner which does not block roads or gates. Use of all-terrain vehicles (three-wheeler, four-wheeler, etc.) is prohibited.

Hunters (including all persons accompanying hunters) must wear a minimum of 500 square inches of fluorescent orange visible above the waistline while hunting during Muzzleloader, General Gun, Hog Hunts, and Family Hunts.

In addition to State hunter education requirements, hunters under the age of 16 must be supervised by an adult 18 years of age or older. Parent or adult guardians, 18 and older, are responsible for supervising hunters under the age of 16 and must remain within sight and normal voice contact of the youth hunter. During Waterfowl, Small Game, and Family Hunts, one adult may supervise no more than two youth hunters. During Archery, Muzzleloader, General Gun, and Spring Turkey Hunts, the adult may supervise no more than one youth hunter.

Dogs may only be used as an aid to taking raccoon during the raccoon night-hunting season and for waterfowl season. Except as otherwise specified, dogs must be kept on a leash and under the control of the owner at all times.

Hunters using the Refuge are subject to inspection of licenses, permits, hunting equipment, bag limits, vehicles and their contents, during compliance checks by Federal or State officers.

Temporary tree stands may be left on the Refuge starting one week before Archery Season and must be removed by the last day of Hog Season. All tree stands left on the refuge within the hunt season must display the hunters name and hunting license number legibly written on or attached to the stand. Tree stands not in compliance may be confiscated and disposed of according to Federal Regulation. Tree stands may also be used during Small Game season, but must be removed by the last day of this season.

Flagging, reflective markers, paint, litter, or pins may NOT be used for marking in any manner on refuge property,

with the exception of the following: clothes type pins or clips with reflective or colored markings can be used for the temporary marking of vegetation in order for identifying a route of travel to or from a tree stand. These pins must be removed by the end of the scheduled deer season. Each clothes type pin or clip must contain both the name and hunting license number of the hunter.

Hunters may enter no earlier than 1 and 1/2 hours before sunrise and must be out of the woods no later than 1 and 1/2 hours after sunset.
